

Students in grades 3-12 can answer questions similar to those on the Louisiana state tests!

**You can:**

- answer multiple-choice and constructed-response questions in English, math, science, and social studies.
- receive feedback to help you answer questions.
- write an English language arts composition and have it scored on PASS at the 8<sup>th</sup> grade and high school levels.
- use your same Screen Name and password to log in each time to check out the new destinations after you complete each unit! Starting in September, play a game when you finish a unit in grades 3, 5, 6, and 7!
